
VI. Commendation for Outstanding Publications

Developing Country Study Encouragement Prize

In order to promote studies on developing countries and to encourage researchers engaged in such studies, every year, the IDE grants awards for outstanding publications on economic and other issues concerning developing countries. In 2009, a total of 44 books and papers published during the previous year were recommended for consideration by distinguished scholars in related fields. The selection committee, consisting of the members listed below, examined 4 books and eventually selected the publication below to receive the award, which was presented to the author by the IDE on July 2, 2009
